**Describe**

As a global association, ACSI offers a plethora of online and on demand trainings, as well as in-person workshops, conferences, and round tables. We encourage our accredited schools to take full advantage of all that is offered. Professional development topics include: legal and legislative issues, early education, educational leadership, Bible, student assessment, and a wide range of subjects to assist faculty in the classroom.

**j. Other Accreditation Activities/Services**

20+

**Describe**

ACSI has more than 20 current, on-demand trainings to specifically assist schools in all aspects of the accreditation process. We also conduct online Q & A sessions, as well as countless one-on-one phone accreditation trainings as needed. For schools that aren't ready to walk through the full entire accreditation process yet, we offer the Steps to School Improvement (SSI) program, which breaks down accreditation indicators into more doable pieces for schools interested in school improvement.
